

CITY OF SIMONTON NOTICE OF UPCOMING ROAD REPAIRS

The City of Simonton has scheduled Fort Bend County Road and Bridge Department to perform a number of major road repair projects in the City of Simonton. These repairs are set to begin Monday, March 7th and will take about two weeks to complete.

Road Projects include (In no particular order):

- **Blacksmith Road**—2" Asphalt Overlay
- **Chisholm Trail Road**—Rebuild Road with 2" Asphalt Overlay
- **Little Dogie Road** and Hackamore Road—Rebuild Road with 2" Asphalt Overlay
- **Buckboard Road**—Rebuild with Chipcoat Overlay
- **Ranchero Road**—Rebuild with Chipcoat Overlay
- **Bridle Road**—Rebuild with Chipcoat Overlay
- **East Longhorn Road**—Rebuild with Chipcoat Overlay
- **Sagebrush Road**—Rebuild with Chipcoat Overlay
- **Wagon Road**—Repair low spots and large cracking areas
- **Pony Lane**—Repair low spots and large cracking areas
- **Rue Road**—Add crushed concrete and level
- **Misc Repairs and Potholes:** West Longhorn Road, Cheyenne Road, Intersections of Stockade Drive @ Flintlock Drive, and Stockade Drive at Cougar Drive

The City apologizes in advance for the disruption and dust which you may experience. Please plan for alternate routes to avoid the inevitable delays. Also, avoid freshly oiled roads.

Residents Please Note: HERBICIDE WILL BE APPLIED DURING THIS TIME

Encroaching grass and weeds are the enemy of our roads. To protect the integrity of the road surface, Fort Bend County will be applying herbicide to the edges and shoulders of many (but not all) of the roads in the City of Simonton.

Note that the County will take every effort to only use herbicide where it is absolutely necessary. However, it may spread further into areas of the right of way than were intended. While this is unfortunate, if it does happen, we ask for your understanding.

Questions may be directed to the City of Simonton at 281-533-9809 during business hours.
